

A LITTLE

..SHOE TALK..

We are just about to enter the bad, wet weather of winter, and a little short piece of shoe advice, free gratis for nothing won't cost anybody anything, and may possibly do some one a little good.

Now and then in the dry summer months a cheap shoe may, by careful use be made to give fairly good service, but the test of our Kentucky winter weather is too severe for anything except the very best of solid leather shoes to stand. If there is a weak spot any where in a shoe, wet weather will certainly find it out. If the counters are paper, or the insoles are paper, or the heels are paper, one day in a rain will tell the tale, whereas the shoe might have, by care, worn a couple months in dry weather.

If a shoe has spongy soles or flakey uppers, one day's wet weather will tell the tale, and your feet will be wet before you have been out an hour.

Now our advice, in view of the above facts and in the light of twenty years experience is, "don't buy cheap shoes at all, but if you will have them, buy them in the summer time, but never in the winter."

Call for the best and insist upon getting it, wherever you are trading, and our word for it, you'll spend less money for shoes than you have been spending.

Of course to get the best shoes, any little girl or boy in the public schools will tell you, you'll have to get Anderson's.

DROPPED DEAD.

Well Known Lady Dies Very Suddenly

Expired Without Warning After Retiring to Her Room.

Mrs. Bobbie K. Bronaugh, a widow living on Sixth Street, died very suddenly of heart disease at her home Wednesday night about nine o'clock.

She was apparently in her usual health and was on the streets during the day. Some members of the family had been out to church and upon their return Mrs. Bronaugh went up stairs to another room to renew the fire, which was about out. She took a lamp in her hand, which was placed upon a table and those below heard a heavy fall. Running up stairs Mrs. Bronaugh was found lying in front of the grate unconscious and in a dying condition. She expired in a very few minutes. She evidently dropped dead from heart disease. No one was in the room with her at the time.

She was about 65 years old. The funeral services will take place today.

LOST THREE FINGERS.

Little Alvin Clark Sustains a Painful Accident.

Alvin Clark, a carrier boy of the New Era, had three fingers of his right hand crushed off by a job press yesterday afternoon, at the New Era office. Rupert Wilson was running the press and the little boy was waiting for the paper to come out.

In some way he placed his hand on the machinery and the accident occurred. He is a son of Mrs. Lizzie Means Clark and is 11 years old. Dr. Stites dressed the fingers, which were cut off at the second joints.

GREAT LUCK.

Christian County Hunting Club Meeting With Much Success.

The Christian County Hunting Club are having fine sport in Arkansas this season. So say letters received from some of the members. Game of all kinds is plentiful and geese, ducks, squirrels, partridges, etc., are bagged almost without number. Several deer had also been slain up to Tuesday and the hunt is not yet over.

Capt. S. R. White, of Julien, killed an immense buck and his happiness knows no bounds.

CASES COMPROMISED.

Defendant Paid 20 per cent. of Judgment and Matter Settled.

The case of J. H. Spurlin, charged with bastardy, was compromised in County Court Wednesday. At the last term of Circuit Court a verdict for \$1,000 damages was returned against Spurlin on a charge of seduction under promise of marriage, and this two was included in the compromise, defendant paying \$200 and the costs, and the matter was dismissed.

STRIKE A FAILURE.

Miners Refuse To Obey Orders To Quit.

The Union Officers Still Trying To Call The Men Out.

Madisonville, Ky., Nov. 28.—The latest claim of the mine workers is that the Mines of the Seebree Coal Company, located at Seebree, will not be able to run to-morrow unless the company agrees to work union men. The miners' union officials are jubilant, and are telling those who call at headquarters that it will only be a short time until every mine in the district will be closed down unless the operators agree to recognize the union.

Few accessions, however, are known to have been made to the ranks of the men now idle in Hopkins county. The mine workers' officials claimed that a number of men employed at the mines of the Monarch Company had quit and joined the union. The Courier-Journal representative saw four of the men who had brought their tools and asked if they had come out through sympathy with the union. Their answer was: "We just quit."

The operators are as confident as ever and say the Mine Workers' Union will never succeed in organizing the miners of Hopkins county. Oak Hill mines, located at Nortonville, had a full force at work today, so the manager reports. This is the mine President Woods said would not work to-day.

The Courier-Journal representative visited the mines of the St. Bernard Coal Company at Earlington, but could find no union men there. The men at this place seem to be well satisfied, and the casual observer would be apt to remark that the chances for organizing the men here are very slim.

HAND BADLY CUT.

L. & N. Engineer Meets With Painful Accident In Nashville.

Mr. S. R. Hackney, of this city, engineer on the Hopkinsville and Nashville accommodation, got one of his hands badly cut Wednesday.

He was adjusting some part of the engine machinery when his hand was caught and the palm split open. He was unable to make his run back to this city and another engineer had to bring the train in. Mr. Hackney returned here Wednesday night and will not resume his place for several days.

PRIZING FOR DELIVERY.

Weed Being Shaped Up For The Market Here.

While there is considerable activity being displayed among the tobacco men very little of the weed has yet been prized for delivery, but the prospects are good for receipts to greatly increase from now on, as the weather for the past ten days has been fine for pricing tobacco in order for handling.

Loose dealers have already made many purchases and considerable of the unprized article has been brought into the city. Prices being paid are proving very satisfactory and some real good tobacco is commanding extra figures.
